

Explorers Challenge

Make a Mini Pond

You will need:

- An old bucket or washing up bowl
- Spade
- Rocks & pebbles
- Pond plants

Instructions

1. Dig a hole deep enough so the top of your container is level with the ground.
2. Sit your container in the hole and fill the gaps around the edges with soil.
3. Put some pebbles in the bottom
4. Fill with rain water
5. Plant some native pond plants and then wait to see what nature comes to visit and live in your pond. Keep a note of the nature that comes to visit in a notebook over the new few months.

Remember:

Always be safe when doing wildlife activities and get help from an adult.
